SITPON GUJARAT WELFARE TRUST

Chairman's Report

Chairman: Musa Bhai Theba

Vice Chairman: Saeed Bhai Banglawala

Assalamu'alaikum warahmatullahi wabarakatuh

My name is Musa Bhai Theba. I have been the chairman of Sitpon Gujarat Welfare Trust for the past three years. Sitpon Gujarat Welfare Trust was established in 2013. we have completed three years and we have entered into the fourth year. I would like to thank the trustees and the working members who have invested their precious time and effort into making the trust as successful as it is today. The working committee members and volunteers from various towns in the UK work shoulder to shoulder giving each other advice and opinions in order to help the trust function as one organisation.

I would like to extend my thanks to Haji Yakoob Bhai Dassu (Ark Fabrics Leicester) who is always available to help us regardless of how busy he is whether it is guiding us through phone calls or in person. In addition to this I would like to thank Bashir Bhai Dassu, Noormohamed Mogra, Ayyub Bhai Master, Ismail Bhai Matariya, Suleman Issa (Sadhuwala), Mohammed Ibrahim (Mojiwala) and Mohamed Shafiq Abdullah Patel who are dedicated to attending our meetings using their own transportation from their respective towns.

May Allah accept all your efforts and reward you in this world and the Hereafter.

Secretary's Report

Secretary: Yakub Bhai Theba

Vice Secretary: Abdulrazzak Koshiya

Assalamu'alaikum warahmatullahi wabarakatuh

During the period of 2015-2016 the Sitpon Gujarat Welfare Trust has been working alongside the Sitpon Sarvajanic Yuvak Mandal to complete many projects that aim to improve all aspects of our village and help it to prosper. We focus on the four key areas of medicine, education, water and relief of poverty which we believe cover many of the underlying problems that are often overlooked. As we know progress in these areas is vital to the development of any village. We are proud of the projects and camps we have completed so far as well as the expansions to them.

I give below the list of various works and activities carried out during the year. All of the services mentioned are and have been available to anyone from Sitpon and the surrounding villages that needed help regardless of their backgrounds or faiths.

- (1) A gynaecologist and a paediatrician were employed to reduce the number of caesarean sections that needed to be performed by helping those women who had difficulty during childbirth and to diagnose and treat any illnesses found in children respectively.
- (2) We also employed a physician to treat conditions like heart pain and stomach pain as well as stroke patients who were affected by paralysis which would have been expensive to treat in other places such as Bharuch and Baroda.
- (3) We have a skin specialist as there was a recent outbreak of skin diseases.
- (4) In addition to this we have bought an ECG machine, four air conditioners and computers with the relevant software needed to keep accurate patient records.

(5) We provide financial aid to people who need emergency medical assistance e.g. where surgery is needed from other hospitals outside the village. We helped 7 women for delivery cases and 18 patients for major operations.

(6) A camp was held for women to educate them on their health and any problems or illnesses they could have.

(7) A camp was held to carry out general health check-ups for children.

(8) Another camp for primary and secondary school children was held where they had a blood test in order to find out their blood group, level of haemoglobin and whether they had any illnesses that needed treatment. (Picture on Page 8)

(9) Moreover, a medical awareness camp was held when there was an outbreak of swine flu in the district of Bharuch in order to inform people about how the illness was spread and the prevention of infection. All of the people from the village including children and adults were given herbal medicines as a precaution.

(10) Following the success of our previous eye camp and the high demand for this service we will be holding another eye camp in a few months' time where the trust will fund all transportation and surgical costs.

(11) As we mentioned in the last report, we have also provided 99 wheelchairs to disabled adults and children. We also plan to purchase and hand out more wheelchairs this year.

(12) A new roof made of specially coated corrugated iron sheets was constructed for the boys' primary school to replace the old roof as it was leaking. (Picture on Page 9)

(13) Four new toilets were built for the girls' primary school and a water cooler machine was provided so that the children could drink cold water. (Picture on Page 9)

(14) All of the children who participated in the annual jalsa for Madrasah Noor-ul-Islam and those who came first, second and third place in their exams from each class were rewarded with

prizes for their efforts and to encourage them to pursue further education.

(15) We are continuing to provide scholarships for further education including uniform, equipment, fees and books.

(16) 35 widows are being given Rs 2000 per month through the widow benefit scheme.

(17) The wedding support scheme has also been improved; the amount given out is Rs 20 000. We gave financial support to 18 girls and 3 boys to get married,

(18) We have maintained the water filtration plant which has become self-sufficient and provides cool drinkable water for people. This water is also used for large functions and weddings.

(19) The footpath near the water cooler machine in the Pader has now been repaired up to the boarding building.

(20) In the month of Ramadhan some donors from England sponsored poor families in the village with fruit for iftaar and we distributed Sadaqat-ul-fitr two days before Eid-ul-fitr to 260 families from Sitpon and the 17 surrounding villages, so that they could participate in the celebrations with everyone else.

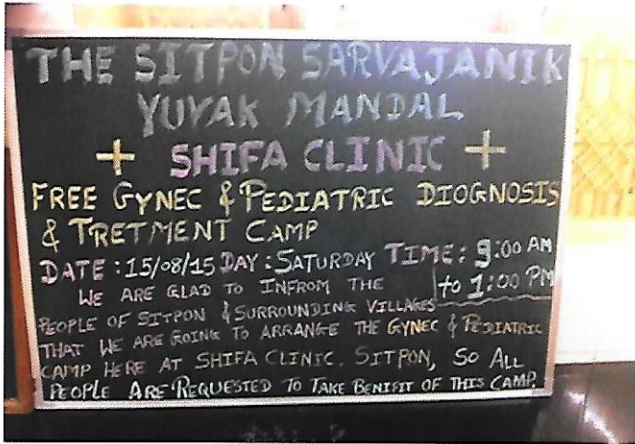

(21) We are in the process of building a Welcome Gate for the village which is near completion.

(22) We also had a Qurbani project where we carried out six qurbanis and the meat was distributed throughout the whole village. We hope that you participate in this project again this year.

(23) The trees on roads leading to Hingalla and Kargat from Sitpon were pruned in order to make driving along them safer.

(24) The beautifully constructed Sitpon laundry house was completed and inaugurated by Haji Aziz Dudhia on the 7th February 2016 in the presence of Jilla collector, ex-MLAs and other local dignitaries.

Assalamualaikum (WW)

I would like to begin by thanking you all for your very kind donations and duas we have received for our various projects this year.

I can assure you that 100% of your donations go towards helping the people of our village and also the surrounding villages through various projects which we organize during the year for the benefit of the people. None of the committee members receive any salary, remuneration or commission and all the work is done voluntarily, *fisabilillah*, including meetings, meals and transportation. The money received is deposited into our account through the local Barclay's branches by our volunteers in every town. From Barclays the money is then transferred into our account with State Bank of India in England and then into the Sitpon Sarvajanic Yuvak Mandal account which is held with the State Bank of India (Tankariya branch).

I would like to present this year's annual income and expenditure report below:

Donations received:

Name of Town	Amount of Donation
Leicester	24,700-93

Feedback from people who visited Sitpon

I visited Sitpon in December 2015 and was very impressed with the work completed by our Trust. I also got to see the school roof and the village entrance gate work in progress with which I was satisfied. I would like to see many such successful projects being carried out by our Trust for the benefit of our village.
Shokat Bhola, Leicester

The ambulance service was used a lot by my mother, the service you all provide was excellent for my mother and is also very good for the whole community. Whilst I was there, I saw the other improvements made to the village which I am sure everyone appreciates and will make use of this good work.
Yunus Talati, London

I had visited Sitpon in February. I went to the Shifa Clinic and was very impressed with how it is organized and set up with the people of Sitpon in mind. Everything was modern and had up-to-date technology. I also went to the opening of the Laundry House. I spoke to the people of Sitpon regarding it and they were all very happy and find all the services very useful.
Keep supporting this Trust.
Imran Thori, Bolton

Alhamdulillah, in January 2016 I visited our village Sitpon. Honestly speaking, our village has made really good progress in terms of development. I visited all the projects which are run by SGWTrust. It is very important to have all these services available for the people of any village. By the Grace of Allah Alhamdulillah, people of our village are very lucky to have all these great services handy. I had my own teeth treatment at Shifa Clinic and I would say it was amazing.
Hussain Bhola, Leicester

I was one of the invited guests at the opening ceremony of the Village Washing Platform and had the opportunity to meet some members of the Dudhia family, the donors of this project. I found out that they have put their trust in SGWTrust because it is Charity registered here in the UK and is doing an honest job. I found the people of Sitpon very appreciative of the Trust and the various works of village welfare which they have done and are planning to do. I was impressed to see how the village has developed lately.

And finally, in the words of the donor family of this state of the art Village Washing Platform, also called the Laundry House: "During our visit to Sitpon, we were most impressed with the charitable work being carried out by SGWT and we will continue to support the Trust with many of the projects that need to be done." Abdulaziz Dudhia, Leicester.
